SUMMARY

As a recent Computer Science graduate with a specialty in web development, I have spent the last 6 months honing skills in Angular and Node.js through academic projects and internships. Developed an award-winning educational platform.

Work Experience

Front-End Developer, Junior Level

Coding Kingdom (05/2023-11/2023)

- Led the front-end development of a major content management system update for a client's website, enhancing user experience and operational efficiency.
- Ideated and implemented a new feature for customizing user profiles,
- Streamlined cross-browser compatibility testing, optimizing the website for Internet Explorer, Chrome,

ACADEMIC PROJECTS

❖ Netflix Home Page Clone : Using Web development

- Creating a Netflix home page clone is a popular one for those interested in learning web development and improving their skills as a beginner. This project involves creating a web page visually similar to the Netflix home page.
- Plan the project and select the elements, Build the layout and add functionality, use responsive design techniques and develop the web-page, Test and launch the web-page.

❖ Sorting Visualizer: HTML,CSS,JavaScript

- This project helps one to visualize a sorting algorithm. Each element of the array is displayed as a bar.
- We have learn sorting algorithms like bubble sort, selection sort, insertion sort, quick sort.
- It compares the time taken by the different algorithm for sorting the array.

❖ Language Translator Web Application: HTML,CSS,JavaScript

- Translate text between multiple languages using the power of Google Translate API..
- Fully responsive design ensures compatibility with desktop, tablet, and mobile devices.
- Supports a wide range of languages, enabling users to translate to and from different language pairs.

EDUCATION

❖ Hindustan College of Science and Technology,

Mathura , India

Bachelor of Technology, Computer Science GPA : 6.3/10.00

Sept, 2020 - May 2024

SKILLS

- HTML, CSS, JavaScript,, TypeScript, Tailwind,NodeJS, MongoDB, MySQL, Git.

POSITION OF RESPONSIBILITY

- Volunteering Coding Club of College.
- Organized hackathons & conducted sessions for 10+ college students on Web Development related topics.

ACHIEVEMENTS / HOBBIES

- Big Data Technology from C-DAC.
- Databases and SQL for data science with pythonFront end web developer.
- Python,cloud computing with AWS.
- Cricket and Spending some time with nature.
